

# Heath Hospital - Short Stay Day Unit - 2nd September 2106

Address, D.O.B. and full name

Requested again and again

Papers galore

To tick and to score

Then two tags, that say it, all again

A "team", either heard, or in sight

Ensuring procedures go alright

Michelle and Louise

Socks up to the knees

And Bronwyn "All through the night"

Surgery was planned for a day

But required an overnight stay

Good food and attention

For "One Days Detention"

Thank you, very much, I must say

Jane and Adam also gave me their time

So I tried, to get it to rhyme

If this, does amuse

Copy, I'll not refuse

Just e mail, me, a short line
